Pageant, Dance To Be Thursday In WT Cafeteria

Thursday night in the West Texas State College Cafeteria, the Second Annual Plains Personality Pageant will take place, with nearly 100 people in the Pageant and hundreds more expected to convene for dancing and to watch the spectacle, which is sponsored by the student association of the college.

The Personality King and Queen of West Texas State will be crowned as the top event of the evening, with eight runners-up and some 60 high school personalities making up the royal court of the King and Queen.

All day Thursday the program for the visiting high school students will be held, with a tea in the Branding Iron Theatre and a radio program in the afternoon and a special one-act play, also to be presented in the Branding Iron Theatre.

A broadcast of the crowning ceremony will be carried over Station KFDA, Amarillo, at 10:15 p. m.

Dancing to the music of Skinnay Ennis and his nationally-famous orchestra will begin at eight o'clock and will last until midnight. Everyone is invited to attend what is expected to be the biggest of its type ever held in the Panhandle.

Admission to the Pageant will be \$1.50 per person.

Another Birthday! Gosh But the News Is Getting Old!

The Canyon News has a birthday this week.

The News has reached the dignified age of 54 years, when it is no longer young, and perhaps not so foolish as it was in years past.

Starting out as The Stayer back in 1896, the name was changed in 1900 to the Canyon City News. This seemed to be a rather undignified title, so in 1909 the name was changed to the Randall County News. This name has stuck with a lot of folks who still refer to the publication as the Randall County News in spite of the fact that the name was changed to Canyon News in 1922.

The present management took over the paper on August 1, 1910. For almost 39 years, the Canyon News has been under the same management.

We are very grateful for the most pleasant associations that we have enjoyed during the past years, and only wish that we could look forward to another 39 years to be spent in Canyon. But this will likely not be the case.

At any rate, on this our birthday, we are patting ourselves on the back for the splendid opportunity which we are having for service in Canyon. And we thank each and every one of our readers for their patronage, good will and friendship throughout the years.

Mickey Potter Escapes Serious Injury in Fall

Mickey Potter, 2½ year old son of Mr. and Mrs. Lowell Potter, miraculously escaped serious injury when he fell from a car travelling at 55 miles per hour Monday afternoon.

Mrs. Potter was returning from Panhandle and had the back door of her car locked. Near English Air Field she heard a swishing noise, looked back and saw Mickey falling from the car and rolling into a ditch.

Occupants of a car behind Mrs. Potter said that Mickey hung to the swinging door for a swing or two before he tumbled off into the ditch. Mickey escaped with only a scratched face.

Arthur Richardson Is Coming to Press Meeting in April

Arthur G. Richardson of Bellwood, Ill., has written that he will attend the 40th Annual Convention of the Panhandle Press Association in Amarillo on April 8-9.

Arthur is the son of the late Mrs. R. W. Morgan, who founded The Canyon News in 1896. He was publisher of the McLean News for several years but went to Chicago many years ago. Bellwood is near the big city.

Mr. Richardson has visited the Panhandle Press only once since 1912, and was amazed at the growth and development of this section. He is recalled by many of the early settlers of Randall county.

Mrs. Dallas Milner and Lt. Glenn Milner visited with Mr. and Mrs. Ray Talmage Bosley in Hereford Monday.

All Questionnaires Must Be Answered 19-26 Age Group

Questionnaires are now being mailed to all men within the age group 19 to 26 years of age. As these men are almost all married or veterans they assume they are not eligible for service and are disregarding the return of their questionnaires. However, if they do not return them within the time limit of ten days, they are subject to delinquency charges just as the boy who is subject to service.

Also the boy who is 26 years old must still keep the local board notified if he changes his address.

Line two of the registration card will give the registrant his correct location of his Local Board Area. If the registrant is not sure of his local board area, it is wise for him to call at his nearest local board and they will be glad to assist him in its location.

Ray McReynolds, member of the local board No. 18, has registration cards and is glad to register those who are reaching 18 years of age. This will save the new registrant a drive to Hereford, the location of the office for this area.

School Trustees Are Urged Run For Another Term

March 22 is the last day on which applications may be made for places on the local school board in order to have names printed on the official ballots.

So far there have been no candidates announced from the Canyon Independent School District.

The trustees meet this week, and all seven members of the board are being urged to enter the race at that time.

Serving on the school board at the present time are: Dr. R. A. Neblett, president; Mrs. E. D. Harrell, secretary; Walter Graham, C. B. Erwin, Geo. R. Ross and Clem Dugan.

These seven were appointed last August by the County School Board to serve until the election is held this year. On May 1st the trustees who are selected on April 2 will meet and draw for places. The terms will run for one, two and three years.

Charles R. Holland Was Buried Here on Tuesday Afternoon

Charles R. Holland, 74, died Sunday afternoon at 1 o'clock at an Amarillo hospital where he had been under treatment for two weeks.

The body was brought to the Griggs-Warren Funeral Home for the funeral, which was held Tuesday afternoon at the Presbyterian Church. Rev. A. B. Haynes and Rev. B. E. Bollman were in charge. Interment was in Dreamland Cemetery by the side of his wife who died several years ago.

Mr. Holland was born in Alabama on Sept. 22, 1874. The family moved to Wayside in 1898 where his father, John R. Holland, engaged in stock farming for several years.

Mr. Holland lived south of Canyon until he retired from active farming in 1942. He has been making his home with his daughter, Mrs. R. E. Westbrook, near Claude in recent months.

In addition to Mrs. Westbrook, another daughter, Mrs. R. E. Jamieson of Seminole, survives. Three brothers and one sister are survivors: Hugh Holland of Happy, J. G. Holland of Compton, Calif., J. L. Holland of Port Hargne, Calif., and Mrs. T. H. Stewart of Hobbs, N. M. There are three grand children and one great grand child.

Bill Knighton Makes Trip to Mexico with Team

Bill Knighton, son of Mr. and Mrs. T. H. Knighton, is one of the group of 25 students and faculty members that left Wayland College in Plainview Saturday by plane for Guadalajara, Mexico, to begin a tour of Mexico with the Wayland Pioneer basketball team.

Bill is a member of a quartet that has as its other members, George Stokes, formerly Student Secretary for the Baptist Church here, Sam Allen and Royce Dowell of Dimmitt. This quartet will be featured first in Guadalajara at a reception planned for the Wayland delegation.

MOVING TO NEW MEXICO

Mr. and Mrs. J. T. Sykes, long time residents of Randall County, left Wednesday for Logan, New Mexico, to make their home on a ranch near there.

Miss Gwen Duggan visited her parents, Mr. and Mrs. J. L. Duggan, and her sister, Mrs. W. D. Stone Wednesday.

Sewer Tax To Be Levied in City Limits

The city of Canyon will impose a sewer tax starting the first of April. The first payment will be due with the water statements on May 1st.

This tax is being imposed upon approval of citizens of Canyon who are interested in setting up a sinking fund for sewer improvement, and for better trash disposal collection.

Mayor W. A. Warren states that attorneys advised that the charge should be made in one account of sewer disposal, and then divided between the two purposes according to the needs of the city. At the present time 60% will go to trash gathering, and 40% to sewer sinking fund.

The ordinance for this purpose was read for the first time at the monthly meeting Tuesday night. The ordinance will be passed and become effective on March 18.

Under the provisions of the ordinance, the tax will be \$1.00 per month for residences; \$1.50 for apartments; \$1.50 per month for business houses; \$3.00 per month for hotels, motels, grocery stores, wash racks, etc.

W.T. High Seniors Present Annual Play Friday Night

The Seniors of West Texas High will present their annual senior play on Friday night, March 11, in the Education Building Auditorium. The curtain will rise promptly at 8:15 o'clock on the first act of the three act, farce-comedy, entitled "Home Sweet Homicide."

The cast of twenty persons will be: Marian Carstairs, a mystery story writer, played by Marion Miller; April, her dramatic daughter, played by Florence Alexander; Dinah, her practical daughter, played by Pam McDonald; Archie, her young son, by Evetts Haley, Jr.; Polly Walker, an actress, by Marilyn Condon; Lt. Bill Smith of the Homicide Bureau, by H. C. Dawson; Sergeant O'Hara, his assistant, by James "Hoss" Inman; Mrs. Cherington, her husband, by Charles Nunley; Rupert Van Dueson, a surprise, by Fred Bergert; Frankie Riley, a character in an old grey hat, by Terry Mayben; Wallie Sanford, the next door neighbor, by Don Hammonds; Pete, Dinah's one and only, by Tony Rusk; Joella, a first-class lady wolf, by Edna Sue Hood; Sluke, a member of Archie's Mob, by Jimmy Boston; members at the party—Joe, by Max Downing; Mag, by Louise Davis; Betsy, by Betty Loy Hood; Wendy by Peggy LaLoe.

The action all takes place on the Carstairs patio in the Springtime. The play is promising to be a great success.

A limited number of reserved seats are being sold for \$1.00 and the regular seats at \$0.50.

Committee Is Studying Street Marker Designs

The street marker committee which was appointed last week by the Chamber of Commerce, has been receiving suggestions.

What suggestions do YOU have to offer?

The News would appreciate letters regarding street markers.

Two types of markers seem to be the most favored: The low concrete type, which has the street names set in concrete.

And, the overhead type on which the street numbers are more visible to moving cars.

The first type will cost more money, but should last many years.

The second type is set on posts, which can be hit by careless drivers, and the street name plates may be ruined by careless boys with guns, or even damaged when two or three husky fellows decide to bend over the two inch pipe.

It is going to cost a considerable amount of money to adequately mark the streets.

What suggestion do you make?

Dean D. A. Shirley Is Dean Emeritus of West Texas State

At the meeting of the Board of Regents of Teachers College last week in Austin, the resignation of Dean D. A. Shirley was accepted with regrets.

Dr. Shirley was named Dean Emeritus of the College by the Regents.

Scholastic Count Is Being Made in Texas This Month

Lee Foster is taking the scholastic census of the Canyon Independent School District.

All children who were born on or before September 1, 1941, and will not be 17 years of age on September 1 are to be counted.

The state pays an apportionment of \$55 for children in this age bracket.

Parents should be sure that all of their children within the age bracket are registered.

The census must be completed on or before March 31.

Citizens Want Protection From Magazine Gangs

Business firms of Canyon are pleased with the announcement last week of the appointment of a secret advertising committee in Canyon.

A number of gyp artists have been working in Canyon, and this is the easiest way to get rid of them. Just ask for an endorsement of the Chamber of Commerce, and direct them to A. B. Holt, when they show up. That is usually enough to get rid of them.

Now comes the \$64 question. Who to treat the multitude of magazine peddlers who have been working Canyon?

This matter has been referred to attorneys to see if there is any protection against these insistent peddlers.

The only sure way is to tell them firmly and frankly that you are not interested in their chatter, and then kick them out of your house.

Of course they will look at you with daggers in their eyes, but such looks have never hurt anyone.

Fishermen Make Big Catch at Possum Kingdom

J. M. Black, R. T. McDaniel, Shiek McDaniel, M. B. Brown, and George Hands caught a 32 pound yellow cat on a trot line while fishing at Possum Kingdom last weekend.

Landing this big fish was no small task. Not having a net big enough to catch him in and not having a gaff to hook him with, one of the men held the line taut and the others reached into the water, put their arms around the fish and lifted him into the boat.

In addition to the big one, M. B. Brown caught a 5 pound bass. Mr. Brown was fishing with the group at night for crappie, using minnows for bait, when the bass hit. Taking this fish also gave the men of the party some excitement.

1st Lt. Glenn Milner Assigned to Air Lift Duty in Europe

First Lt. Glenn Milner, son of Mr. and Mrs. Dallas Milner has been assigned to Air Life duty in Europe and will leave this week end for his new assignment.

This is the third overseas assignment for Lt. Milner who has been in the Air Corps since 1941. He served in the Alaskan Theatre for six months. Then he was returned to the state and was flight instructor at Sarasota, Florida. From there he was sent to the Pacific Theatre and had been on two Jima for six months when the war ended.

Dr. Walter H. Juniper Named Dean of West Texas State

Beginning next June 1 the dean of West Texas State College will be Dr. Walter H. Juniper, at present assistant dean of Baylor University. Dr. Juniper is thirty-eight years of age, a veteran of five years service in World War II, and holds four earned academic degrees, all of them from Ohio State University. Dr. Juniper will succeed Dean D. A. Shirley, who retired in January. Dr. Juniper's appointment was approved by the Board of Regents at its meeting in Austin on March 2 and was announced to the West Texas State College faculty at its March 8 meeting.

Dr. Juniper was born in Nelsonville, Ohio, in 1911, attended school there and Springfield, Ohio. From

the Ohio State University, Columbus, Ohio, he received degrees of Bachelor of Arts (1933), Bachelor of Science in Education (1933), Master of Arts (1934), and Doctor of Philosophy (1937), and was Martin Kellogg Fellow in Classics at Yale University for 1934-35.

During his years of graduate study Dr. Juniper specialized in Classical languages and Literatures of Ancient History. His doctoral dissertation was a historical-linguistic examination of the works of the Roman comic poet Plautus. He is a member of the American Philological Association, the American Association of University Professors, and the Texas Classical Association, which he served as president 1946

to 1948. He has contributed sundry articles and reviews to journals in the field of the Classics.

Dr. Juniper is married, his wife being also a native of Ohio, and has one child, a daughter, Margaret, to whom he refers with pride as a "native daughter of the Lone Star State," born in Texas in 1941.

The new dean comes to West Texas State College with sixteen years of varied experience behind him as a teacher, college administrator, and veteran of World War II. During the years 1933 to 1937 he served as instructor in the Department of Classical Languages of the Ohio State University. In 1937-38 he was Dean of Men and instructor of Latin, French and mathematics at Cumberland College, Williamsburg, Kentucky. In 1938 he came to Baylor University as chairman of the Department of Latin until 1941 when he requested leave of absence for active duty with the army.

Entering upon active duty as a First Lieutenant, Infantry, Dr. Juniper held assignments in the branches of Infantry and Military Police, and staff and administrative assignments as graduate of the Adjutant General's School. In 1945 he was assigned to the Provost Marshal General's Office in New York City to the project, at that time classified as "Secret," involving the reorientation and re-education of prisoners of war, and had charge of this program at the prisoner of war camps at Fort Sam Houston and Camp Swift, Texas. He was relieved from active duty in January, 1946, in the rank of major, and holds a reserve commission of Major, Staff and Administrative Corps.

Returning to Ohio in January 1946, Dr. Juniper taught for a term in the Department of English of the Ohio State University. In June 1946 he rejoined Baylor as Assistant Dean of the University and Chairman of the Department of Latin.

President Cornette characterizes the dean-elect as "a man uniquely qualified by his training, experience, and personality to be a dean of a college."

Dr. Juniper is widely known in Texas as one who has made alive and vital the subject of Latin, usually considered to be the duller of all academic subjects. He has been widely sought after as a speaker before both high school Latin student groups and meetings of high school and college teachers of the classics.

In Waco Dr. Juniper has taken part actively in civic affairs. His most active hobby is radio production. For the past three years he has acted as moderator on a weekly half-hour radio program from Station WACO and called Junior Town Meeting of the Air, member of the National Junior Town Meeting Movement, in which young people, both high school and college groups, meet to discuss current problems.

He has also a hobby of phonograph record collecting, and his collection now includes some 1,200 selections of rare recordings from the period of the 1920's and earlier. He features these records, together with a commentary on the life and times when the records were popular, in a weekly half-hour program from WACO which he has written and presented for the past two years, and which has elicited favorable response from Central Texas listeners and has been the subject of feature articles in the Dallas News and other Texas newspapers and in the New York Radio Daily and Audio-Record, national publications of the radio and recording industries.

Mrs. J. B. McClure And Dr. Johnson P.-T.A. Speakers

Mrs. J. B. McClure, Juvenile Probation Officer of Potter County, and Dr. Roy L. Johnson, pastor of the First Baptist Church, Canyon, will be guest speakers at the meeting of the Canyon Parents and Teachers Thursday afternoon, March 17, at 3:00 o'clock in the High School Cafeteria.

The topic for discussion will be "The Home, Parent and Family-Life Education."

The public is invited to the lecture.

Are We Caring For the Needy In Canyon?

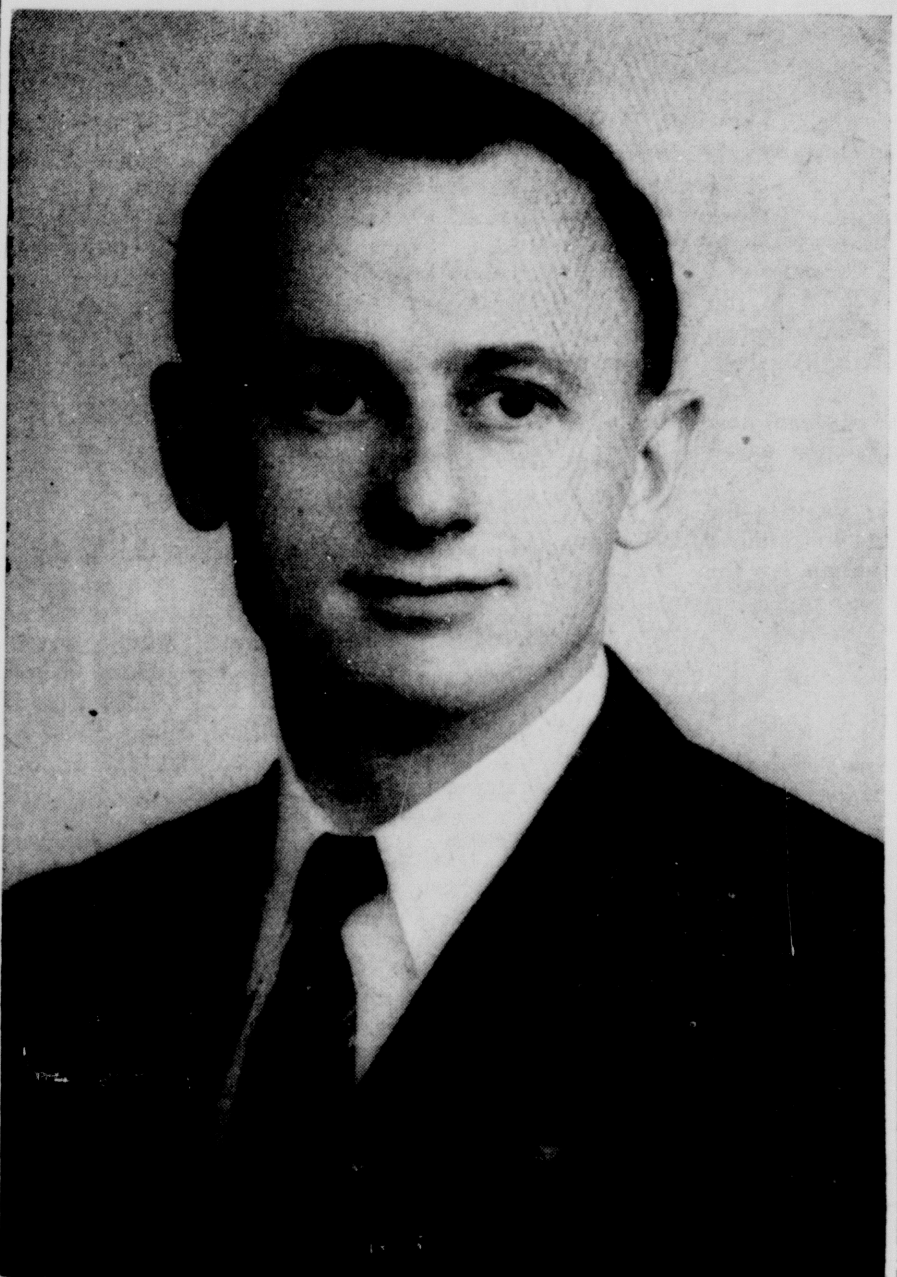

Do we have needy families in our own town that we are neglecting? Maybe this is a question that you, too, think need not be asked. But according to reports by a group of citizens, this is a question that not only needs asking but needs to be given attention.

This group of men have found two families that need help now, and they have gone to work on the problem by taking up a collection and depositing the funds in the First National Bank under the heading of Kinds Welfare Fund.

This money is to be used to care for the children in these unfortunate homes. Anyone wishing to help in this work may make his contribution by depositing money to this Fund at the bank.

Investigation will be made of the actual needs of the children before any money will be spent.

Sale of 1949 License Plates Shows Increase

The sale of auto plates increased somewhat this week as the deadline draws near. All cars in Randall county must be equipped with 1949 license plates in order to operate on the highways of Texas after midnight of April 1st.

Last year the State Highway Commission raised a row because Potter county citizens had bought car plates in Randall county because of the conveniences of purchase.

Tax Collector M. E. Cantrell has been advised that Randall County citizens, who are living in the north part of the county, are buying their 1949 plates in Potter county. This will deprive Randall county of needed road and bridge money for precinct No. 4.

The state has not objected to the purchase of plates in Potter county in view of the fact that most of the money goes to Austin, whereas money spent for plates in Randall county would go for road work in the precinct where the plates were bought.

County Bought More Caliche for Work On Western Avenue

County Commissioner Charles Johnson of Precinct 4 appeared before the Commissioners of Potter County Monday with an offer to buy caliche to extend hard surfacing south on Western Avenue. The north end of this avenue was paved as a farm-to-market project last year.

Two commissioners of Potter county opposed the sale on the ground that it would deplete the supply available for Potter county roads. Two commissioners favored the sale, and the county judge broke the tie by voting in favor of the sale.

This work is done out of the funds available for road work in precinct No. 4.

Mr. and Mrs. A. B. Russell have returned from a two weeks visit to Yoakum, where they visited in the homes of their son-in-law and daughter, Rev. and Mrs. J. J. Sloan and of Mr. Russell's brother, B. S. Russell. Mr. B. S. Russell is quite ill.

EDITORIAL COMMENTS

Senate Filibuster Is Needed To Protect the Minorities

Ordinarily we are opposed to the filibuster. We think that it is a mighty poor way for a minority to deny the majority of their legal rights.

In the case of the filibuster in the Senate against the President's so called social program, we are of the opinion that the Southern Senators are legally and morally within their rights to stage a filibuster. We hope that they win out. In the meanwhile needed legislation is being delayed by the prolonged filibuster.

Who is to blame? The President and no one else! The President knows that he is playing one minority against the other. The South is a minority, while the Negro is likewise a minority.

The President takes the White Democratic South for granted. He is certain that the Whites of the South will stay with the Democratic party, regardless of the slaps that the White House gives the South. The South has been solid Democratic ever since the political rights of the Negro have been raised. Truman cannot foresee any possibility of the South leaving the party to discredit a good Democratic President. Attempts to woo the South from the Democratic party failed four years ago. It failed again last year. Therefore the South will remain Democratic, thinks the President.

While the Negro is naturally Republican in his political inclination, he can be induced to go Democratic. He followed Roosevelt; he followed Truman—but he must have political promises. Truman dished them out, and dished them out by the bushels. These promises included all of the social and political rights that Truman could think up.

Truman knew in advance that he could not shove the social program down the throats of his good Democratic friends in the Senate such as Tom Connally and Lyndon Johnson, but he is perfectly willing to run the risk of sacrificing these friendships and supporters in order to win the approval and support of Northern Negro political leaders.

He knew in advance that pushing this program now meant the filibuster and sacrifice of legislation which the country needs at this time.

In other words, Truman is willing to sacrifice the welfare of the nation while he attempts to suppress the political will of one sector of the nation for the political benefit of another sector.

The President Should Listen Instead of Talk So Much

The President makes foolish assertions, and then shows his weakness by refusing to back down and admit that he was wrong.

During the campaign, in order to woo commie votes, he called Stalin, "Good Old Joe."

During the campaign to woo the leftists he demanded the repeal of the Taft-Hartley labor law, giving the union racketeers a free hand to do as they pleased.

During the campaign he sought Negro support by demanding the passage of his so-called social reform measure.

He called Drew Pearson an ugly name the other day, a curse word that no one should use. As a matter of fact no one should ever use curse words under any circumstances, but too many of us indulge in this means of trying to express our feelings. Cursing is the admission of weakness of forceful English.

The President was reported to be angry when he used the term, "Whom the Gods would destroy, they first make mad."

Stop the Community Grafters!

Has some solicitor been in your cash register lately? That is, those boys who drift in, painting rosy pictures of great things to come? You can help put an end to this type of fleecing by calling the Chamber of Commerce and demanding a letter of approval before you even consider their racket. Yes, and 99 percent of these solicitors have a genuine racket.

The man who talks the most about what he is willing to do is not always the man who reaches in his pocket when the call for cash is heard through the halls.

Criticism of government officials is not always to be condemned but when one becomes a perpetual critic, nobody should pay any attention to his grumbling.

Canyon is no exception to the rule that selfish leadership will eventually destroy any community; what we need, now as always, is unselfish leaders.

Among the folks who have our sympathy are the innocent souls who order from seed catalogs and expect crops that look like the pictures.

The people of Randall County make the county; every citizen should make his or her contribution in service in some unselfish cause.

Well, you can quote us if you want to, but we are a bit wary about these new-fangled meats that are made of "substitutes."

Never be too anxious to make money too easy and too quickly; there may be somebody else in on the deal.

The jokes one hears often lead to the conclusion that what this country needs badly is some new jokes.

Advertising in the Canyon News is mysterious; it works but why and how nobody seems to know.

The law of the land should know no favorites and there should be no exceptions to its operation.

The man who flashes large bills at every opportunity is obviously not accustomed to much money.

Too many Congressmen have the idea that everything is accomplished when they appropriate money.

We often wonder whether the politicians believe one-half the things they say.

Nobody is going to buy what you have to sell unless you have it for sale.

Grammar is in the process of growth but some folks are trying to overdo the process.

If you learn one new thing every day, you will know 365 things by this time next year.

Charity is good for the giver but sometimes it is not so beneficial to the recipient.

We, the People Are Responsible For Low Intelligence in Office

A speaker in Canyon recently decried the fact that so many misfits were elected to public office. They are little men trying to fill important jobs. Yes, we all agree that such a situation is deplorable. But who is to blame? Who selects the misfits? Who keeps them in public places? Who can correct the situation, if they so desire?

The public has all of this power to hire and fire the misfits. When the public refuses to act, misfits will continue in public office.

In the average election we—every one of us—vote our prejudices instead of carefully surveying qualifications.

We usually support the person who makes the loudest holler about their poverty, instead of looking to see just how successful they may be.

We are told that a highly qualified man has quit public office in another town simply because the voters refuse to pay enough taxes to have a respectable government. The big taxpayers want to see its public servants starved.

Canyon and Randall county have been pretty lucky in the type of men and women who have been elected to public office. A misfit could cause us a lot of damage.

When you start in criticizing those who are serving you, just recall that you, and you alone, are responsible for having such a public official.

Attention to All Publishers!

Attention all newspaper publishers: You will miss a real treat if you fail to attend the 40th Annual Convention of the Panhandle Press Association on April 8-9. Just think of it—the founder of the Panhandle Press Association, Frank R. Jamison is coming from Denver; Arthur Richardson, the second living president is coming from Chicago; Olin Hinkle, Lee Satterwhite and Vernon Sanford are coming from Austin. There will be no excuse for "home folks" missing the convention. A fine program; plenty of entertainment; and a lot of free gifts for all who attend.

The World Getting Smaller

The world is getting smaller and smaller day by day. The big plane which circled the globe in a non-stop flight makes one consider what is coming next. It is clearly indicated that planes loaded with atomic bombs may go to any part of the world and return, unless shot down on the trip. This should make those behind the iron curtain stop, look and listen. While Stalin is promising war, Uncle Sam is not asleep, waiting for the Reds to strike.

Traitors Should Be Deported

The commies of America have let it be known that they will fight for Russia in case of war between the United States and the Reds. President Truman describes this gang correctly. They are traitors, and should be treated as traitors.

The answer of the commies should settle all arguments as to what should be their future fate. They should be sent back to Russia without any further delay. There is no place in America for traitors.

Senseless Chatter of Speaker

We think that the most senseless thing for any man to do is to appear before an audience, say he does not know what he is going to talk about, and then proceed to discuss a subject which he admits in advance that he is not prepared to discuss. That is placing the intelligence of his audience at a pretty low level. No use telling your audience that you know nothing of your subject—they will soon find it out.

Jerry Briscoe of Amarillo snorted the other day when asked if he was running for mayor. Amarillo papers stated that he was being urged: "By three or four people," was his response. That is about enough to make some fellows think there is a wide demand for their services.

Farmers in Randall County should live off the products of their land, as nearly as possible; what you raise yourself ought to be cheaper than what you have to buy.

The Canyon News, we think, deserves the support of the people of this county; in return, it should serve the interests and conveniences of its readers, which we try to do.

We write nothing whatever to convince anybody, but, as long as we write, we hope to say what, in good conscience, appears to be true.

There are some people in Canyon who, if they were cured of their ailments would immediately invent new diseases.

We know some "smart" people who read editorials in the Canyon News just to see how many mistakes the editor makes.

When the world entirely fits your notions, you will be the only person in it.

The speaker with an apt quotation to fit the occasion is prepared—you may be sure of that.

Most of the people who are opposed to "book learning" have very little of it themselves.

People who are sick appreciate good health; you might as well enjoy yours while it lasts.

Two Canyon Boys Attending A. & M.

Carrol SoRelle and Billy Ray Boling are the only local boys enrolled at Texas A. & M. this semester.

Carrol son of Mr. and Mrs. I. F. SoRelle, is a Junior majoring in Chemical Engineering.

Billy Ray, son of Mr. and Mrs. J. J. Boling, is a special student qualifying under the Smith-Hughes Act to teach Vocational Agriculture.

Executives of steel companies were criticized by the Government in 1939 for having too much steel capacity, on the ground that excess capacity added to overhead and therefore to prices, are puzzled now by criticism of some of the same Government officials that the steel industry is at fault for not expanding production facilities rapidly enough to suit them. At the same time there is resistance by officials to the idea of permitting Germany to utilize a large amount of steel capacity that is lying idle there.

Both the White House and leaders in business are talking optimism about the business outlook so that neither can be blamed when the public begins to ask questions about a setback, when it occurs. The Administration is maneuvering for a position from which it can blame business for any business upset, while businessmen want to make it clear that they have nothing to gain from bad business.

Sam Rayburn, House Speaker, is not able to control the House Labor Committee for Mr. Truman. The White House finds it lacks the votes in that Committee to deliver on its promise to force outright repeal of the Taft-Hartley Act and to write the kind of act labor leaders most prefer.

your clothes
Electrically

EVER stop to think of what a beating your clothes take when hanging on the line on a windy spring day?

That whipping wind tosses them, pulls them, twists them, detracting every minute from their future usefulness to you.

That can be easily avoided through the use of a scientifically designed labor saving home clothes dryer. In this economical machine, gentle puffs of warm air remove the moisture from your wash, leaving it toast dry. You'll avoid, too, the trouble of bundling up to go out to "hang up clothes" and resulting colds and sniffles.

Put an electrical clothes dryer on your list of electrical needs... you'll like it.

Your appliance dealer will gladly give you a demonstration of the efficiency of the new automatic clothes dryers. See him soon.

Senior West Texas Student Beaten, Robbed by Thugs Last Wednesday

Herbert Johnson, senior sociology student from Big Spring, was slugged and robbed of nearly \$50 near Buffalo Stadium early Wednesday morning.

Johnson, who had gone to Amarillo earlier in the night, was let out near Stafford Hall after hitch-hiking a ride back to Canyon about 1:30.

According to Johnson, he started walking toward Conner Hall when a car carrying three men approached. One man inquired if Johnson knew where George Stevens lived. Johnson replied that he did not. Then the men offered Johnson a ride to his dorm.

As he entered the back door of the car, Johnson said that the man in the back seat grabbed him by the collar and kicked him in the stomach.

In the meantime, one of the men in the front seat got out and opened the back door on the other side. The man in the rear seat pushed Johnson out of the car and the waiting man struck him in the face. The man in the back seat got out, held Johnson's hands behind him while the other one reached down to pick up a rock. When he bent down, Johnson kicked him.

Afterward, the two assailants beat Johnson unmercifully and left him lying on the ground.

As the men started to leave, Johnson said he heard one say, "Throw his billfold out."

When the student regained his composure he found his empty wallet nearby with \$47 missing.

He made his way to Conner Hall and reported the attack and robbery to the Canyon night-watchman.

Johnson describes the car as a 1936 Ford four-door and the man in the back seat as weighing about 175 pounds, 5'10", dark complexioned, with black curly hair. He said the assailant wore levis, white shirt and boots.

Dwight Eisenhower is to be given one job after another by President Truman, who appears willing to keep the wartime General in the public eye. General Eisenhower, at the moment, is trying to shape a military policy for this country. The chances are that, by 1952, General Eisenhower may still have some political "it."

Senator J. Howard McGrath, Democratic National Committee Chairman, worries the White House a little because he is outside the group of officials subject to presidential discipline. Mr. Truman, as a result, keeps his own agent within the top ranks of the National Committee.

Government is a trust, and the officers of the government are trustees; and both the trust and the trustees are created for the benefit of the people.—Henry Clay.

President Truman's Monday morning conferences with Democratic leaders in Congress are becoming more and more embarrassing for all concerned. The President is irritated because of the slow progress of his "Fair Deal" program in Congress, and leaders of his party find it more difficult to appease him with excuses.

President Truman is making sure that no individual other than himself is in full control of the political machinery of the Democratic Party. The President is to be very careful not to give any early impression that he will be out of the race in 1952.

Price of Compressor Engines is up 92%

The 400-horsepower engine, shown above, is one of three new units installed at McSpadden Compressor Station, near Canyon, during 1948. McSpadden Compressor Station is one of the stations employed to maintain movement of natural gas in our main transmission line.

Yet Natural Gas Service Remains At the Same Low Pre-War Prices!

Compressors are important to your natural gas service. Compressors maintain movement of gas to your home. Like the price of all other equipment, the cost of compressors has risen sharply.

Your gas service bill is still the "bright spot" in the family budget because gas is one of the few items that have held the line with pre-war prices though it costs more to furnish you the service.

Imagine what your income would be worth today if you could buy everything at pre-war cost.

Celebrate Fiftieth Anniversary of J. A. Wiseman's

On Sunday, March 6, immediate members of the family of Mr. and Mrs. J. A. Wiseman gathered at

their home to celebrate their 50th Wedding Anniversary.

Miss Nellie Bliss was married to J. A. Wiseman in the home of her parents near Crosstimbers, Mo., on March 6, 1899. In 1910 they moved to Texas, settling near Channing to engage in farming and ranching. They moved to Canyon in 1935 to

establish their permanent home here. For several years before this Mrs. Wiseman had spent much time here with her children who were attending high school and college here.

Mrs. Gordon Cox, the former Ruth Wiseman, of Silver City, New Mexico; Mrs. R. E. Crome, only daughter-in-law, and children, Bonnie

Jean, Allen Dean and Jimmie Wiseman, of Montrose, Colorado; Mrs. Charlene Wiseman Horn and children, Adeline, Joyce and Janelle; Mrs. Olga Seales and two daughters, Lorene and Mrs. Harold Woolsey with her husband spent the day in the home of her parents and

grandparents.

At the dinner hour the table was centered with a beautiful wedding cake bearing appropriate anniversary greetings.

SUE HITE CLUB STUDIES CHINESE AND JAPANESE

Members of the Sue Hite Club met for their February 28th meeting in the film room at the college to study situations in Japan and China.

Mrs. A. G. Kieselbach, president, introduced the program.

Mrs. E. R. Cleavinger made comments on the film "Here Is China". Mrs. A. L. Crossland introduced Mrs. B. E. Bollman, who discussed her experiences in the Philippines and Japan to cover the topic "The Japanese Situation."

Mrs. Jack Walker was elected to membership.

On March 14 the club will meet in the Thompson Club Room for Texas Day. "Texas Legions" will be discussed by Mrs. Borden Price and "Industrialization of Texas" will be discussed by Mrs. Hatcher Brown.

Serving on the program committee for the new year will be Mrs. Kieselbach, chairman, Mrs. W. A. Miller, Mrs. W. A. Moore and Mrs. E. R. Cleavinger.

Members present were Mrs. Frank Begert, Mrs. Delbert Brown, Mrs. Hatcher Brown, Mrs. Sidney Burgess, Mrs. E. R. Cleavinger, Mrs. M. E. Cleavinger, Jr., Mrs. Herschel Coffee, Mrs. Levi Cole, Mrs. Aubrey Crossland, Mrs. Odie Crowell, Mrs. Robert P. Jarrett, Mrs. Kieselbach, Mrs. Gordon Lyons, Mrs. Boone McClure, Mrs. W. T. McGregor, Mrs. W. E. Miller, Mrs. Wm. Moore, Mrs. Dan O'Connor, Mrs. R. D. Wheelock, Mrs. W. R. Wilson and Mrs. Charles Wright.

RANDALL H. D. COUNCIL MEETS SATURDAY AFTERNOON

Eleven of the twelve county clubs were represented Saturday afternoon when the Randall County Home Demonstration Council met in the office of Miss Lou Ella Patterson, County Home Demonstration Agent, Mrs. W. C. Angel, chairman, presided.

Mrs. L. S. Johnston, finance chairman, presented each club with a check for ten dollars with instructions to increase this amount as much as possible and return the full amount to the council by June. The club which makes the most money out of the original check will be given a prize of ten dollars.

Mrs. Earl Burtz, marketing chairman, announced that 1562 rose bushes have already been ordered cooperatively and two other orders are yet to come.

Plans are well under way for the District meeting to be held on April 14. The meeting will be in the Methodist Church and lunch will be served in the College Cafeteria. Mrs. Ray Metcalf and her committee have already finished the badges. Mrs. J. L. Newman is chairman of the flowers and decorations committee. Mrs. L. L. Byars is chairman of the housing committee and Mrs. T. C. Gooch and Mrs. A. B. Haynes, Jr., are the registration committee. This meeting will be open to persons other than club women and visitors are cordially invited.

The next meeting of the council will be on Saturday, April 2, in Miss Patterson's office.

MRS. HAND HOSTESS TO EPISCOPAL GUILD

Mrs. George Hand was hostess to members of All Saints' Episcopal Guild at her home on Thursday evening, March 3.

Mrs. Frank Kimbrough gave a most interesting program on "Culture in China" reading poems which had been translated from the Chinese many years ago. Following the business meeting Mrs. Hand served attractive refreshments to Mrs. C. L. Joyner, Mrs. Frank Kimbrough, Miss Jane Darland, and Mrs. Fred Jennings.

MOTHER-IN-LAW CLUB MEET

The Canyon Mother-in-Law Club will meet with Mrs. G. B. Combs at 1500 Sixth Avenue March 10 at 2:30 o'clock. Co-hostesses for the afternoon are Mrs. Mary Langston, Mrs. M. E. Sogee, Mrs. R. E. Foster, Mrs. T. V. Slack and Mrs. Fred Marshall.

Lt. Glenn Milner, Mrs. Dallas Milner, Mrs. Tom Langston and children and Mrs. T. V. Donald visited with Mr. and Mrs. R. M. Frances and family at Kress and with Mr. and Mrs. James Hodges and Mr. and Mrs. Leroy Frances in Tulsa Sunday.

THE SENIORS OF W. T. HIGH SCHOOL

will present their Senior Play on the night of Friday, March 11.

The play is a three-act farce-comedy, entitled "Home Sweet Homicide."

A limited number of reserved seats are being sold for the price of \$1.00 and regular seats for 50c. The play is promising to be a great success.

The curtain will rise promptly at 8:15 o'clock.

JOWELL H. D. CLUB MET IN WILFORD TAYLOR, JR., HOME

The Jowell Home Demonstration Club met in the home of Mrs. Wilford Taylor, Jr., on Wednesday, March 2.

Roll call was answered with the title of an article or book that had been read by the responding member. Mrs. Taylor gave a review of "Mama's Bank Account." "I Would Be True" was selected as the club song. It was decided to have a commodity sale at the next meeting. Each member is to bring an article she has made and an auction of these articles will be held.

Refreshments of sandwiches, coconut pie and coffee were served to Mrs. Roy Montgomery, Mrs. W. F. Bonds, Mrs. Elliott, Mrs. Davis, Mrs. Barrett, Mrs. Tom Gooch and Mrs. John Robinson.

The next meeting will be with Mrs. T. G. Bonds on Wednesday, March 16.

What you want in flowering plants you can find at Stevens Floral.

MRS. T. T. FAIN IS HOSTESS TO W.M.U. MEMBERS TUESDAY

Members of the W.M.U. were guests of Mrs. T. T. Fain Tuesday afternoon for their regular meeting.

"Standing on the Promises" was sung as the opening hymn. Mrs. Steen gave the devotional from Psalms 15. Mrs. I. W. Payton gave a review of the missionary book. Joy Oldham, little granddaughter of the hostess, played a piano solo.

Members present were Mrs. Cynthia Anderson, Mrs. Payton, Mrs. J. C. Dowd, Mrs. Steen, Mrs. E. B. Anthony, Mrs. M. E. Sogee, Mrs. W. H. Sparks, Mrs. Johnson, Mrs. C. O. Cooper, Mrs. Gill and the hostess.

On March 15 the Union will meet with Mrs. Gill. Mr. and Mrs. T. H. Knighton left Tuesday for Austin and Corpus Christi. They will visit in Austin this week then go to Corpus Christi where Mrs. Knighton will attend the State Executive Board Meeting of the W.M.U. of the Baptist Church and visit with her father.

World Day Of Prayer Observed By Church Women

World Day of Prayer was observed by the Canyon Council of Church Women here Friday afternoon, March 4, at the First Methodist Church.

Mrs. Bryan McDonald, president, presided at the meeting and introduced Mrs. Brown, who told of the "Child Evangelism" movement and asked the cooperation and help of the Council of Church women. A committee was appointed to look into the matter.

In 1948 the Canyon Council sent

to the United Council of Church Women \$165.00 which was used in different funds. This was one of the highest contributions from towns the approximate size of Canyon.

Mrs. McDonald expressed much gratitude at the great work the Canyon Council did last year and expressed hopes for an even better year in 1949 with the cooperation and attendance of all the women from all the churches in Canyon.

Mrs. Lorenzo Wirt conducted a short program in the form of a radio show which let the audience hear about the people to whom gifts and offerings are sent each year. It was a simulated World-wide Hook-up and every country was represented.

This was followed by the devotional program in which all council members participated and was closed with a song by Mrs. McDonald.

The meeting was adjourned to fellowship hall where the Methodist ladies served punch, sandwiches and cookies.

Mrs. Henry Cone, speaking for the Baptist ladies, invited the Council of Church Women to meet in the Baptist Church in May for a luncheon and afternoon program. All women of all churches are cordially invited to this meeting.

Need of Directed Play Is Discussed at Rotary Luncheon

Miss Ruth Cross, head of the Physical Education Department for Women of West Texas State, talked Tuesday at the Rotary Club Luncheon. She was introduced by Dr. Ples Harper, chairman of the Youth Service Committee.

Miss Cross gave her opinion that play grounds were not necessary for a well developed program; that youth delinquency was not found alone among under-privileged children, but even among those with the greatest advantages.

There is more idle time now among children than in former days, and therefore more need for directed play.

Youth Delinquency is being prevented by planning and participation on the part of adults. Neighborhood play counted much in the development of children. Delinquency is started as a form of play; stealing a milk bottle, leads to stealing a car; breaking a window leads to larger crimes.

Studies are being made of a cross section of the country to see the needs as a whole. All of these studies leads right back to the homes of every community.

Children like to play with their fathers, and to be directed by them.

Dr. Charles R. Nester was introduced as a new member of the club.

Visitors were: R. M. Hayes of Los Angeles; Dr. A. M. Meyer, Arch Hunsley, H. M. Bainer, C. W. Franz, R. P. Eastland, J. H. Brown, all of Amarillo.

Guests in the home of Mr. and Mrs. Bob Parsons Sunday were Mr. and Mrs. A. T. Smith and Mrs. Carl Clements of Wellington, Mrs. J. S. Pool and Miss Winnie Pool of Portales, N. M., and Mr. and Mrs. Jess Lawson of Dalhart.

OUR DEMOCRACY by Mat

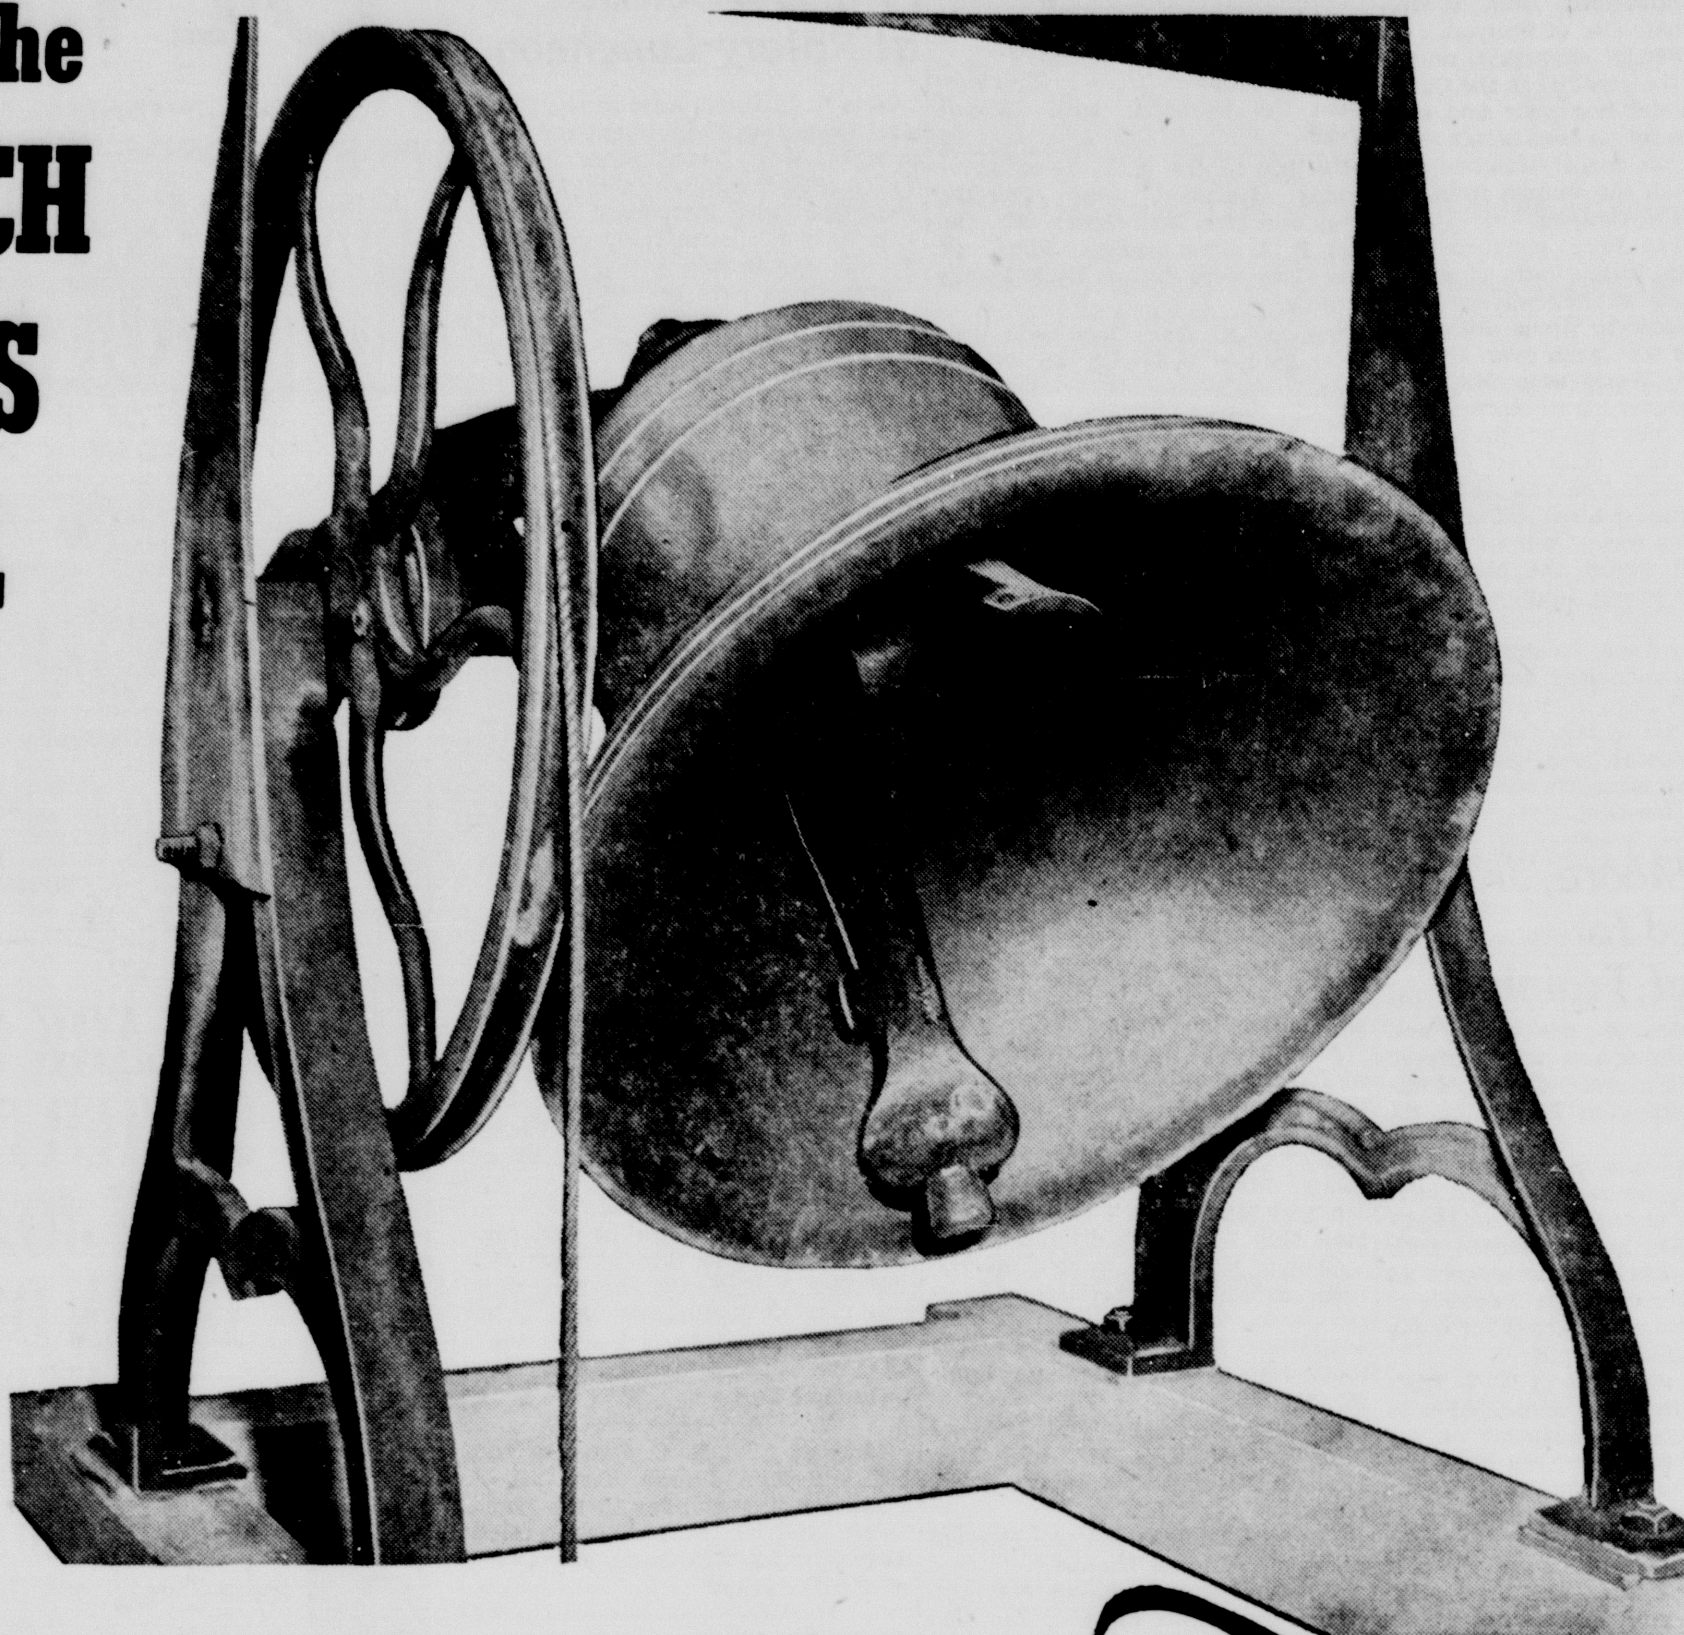

THE "FORTY-NINERS" 1849-1949

WHEN GOLD WAS DISCOVERED IN CALIFORNIA, THOUSANDS OF AMERICANS LEFT THEIR FAMILIES AND HOMES, TO STAKE EVERYTHING—EVEN THEIR LIVES—ON THE CHANCE OF FINDING GOLD. THEY WERE WILLING TO SACRIFICE WHAT ECONOMIC SECURITY THEY ENJOYED IN THE HOPE OF "STRIKING IT RICH."

THE SPIRIT OF ADVENTURE—OF TAKING A CHANCE—REMAINS STRONG IN AMERICA. SINCE 1849, HOWEVER, OUR ECONOMIC OPPORTUNITIES HAVE BROADENED GREATLY.

THE MODERN "FORTY-NINER", IN SEEKING NEW FIELDS OF ENDEAVOR, PLACES LESS RELIANCE ON CHANCE AND MORE ON THE MEASURED RISK—GREATER RELIANCE ON THE FACTORS OF HARD WORK, INGENUITY AND THRIFT.

When The CHURCH BELLS TOLL

MILLET has done us all rich service in painting The Angelus. A workman in the field, head bowed in reverent worship, has turned from his toil to remember the great God, because the distant church bell tolled, reminding him of his dependence on his Maker and Friend and Saviour. Gratitude, humility, and worship make this man worthy of our thought and honor. Man at worship is man at his best.

How much richer we should be as a people if not only once a week, but many times through the week the Church Bell should summon us to remember our Divine Creator! The people of Adano were right; community life is not complete without the Bell tolling men to prayer and to reverent living. It would be a noble act if every person in the community would join in providing the Bell for their common religious living. The man who puts a dollar into the Church Bell makes it in a very real sense his own voice calling him and all men to their knees. The Church which lifts the Bell again to its place of eminence in the Church Tower may again make religion the heart of the common life.

RELIGION must become again a matter of every day; the Church must call men more frequently to prayer, even when they cannot enter the church door; the beautiful chimes may send their music of Heaven and Eternity into our hearts and homes. Why not see to it that every town and hamlet shall have at least one Bell to speak for the interests of the soul in an age gone Power-mad? Above the sound of rushing train and speeding automobile let men hear the sweet music of the Church Bell tolling men to God. We are the eternal children of the Eternal Father. The Church Bell summons us to remember and to pray.

Skinney Ennis Orchestra Highlights Program Planned for Personalities

Skinney Ennis, the batoner who sings in that intimate breathless style, will bring his celebrated orchestra to the campus Thursday, March 10, to play for the Second Annual Plains Personality Pageant.

Ennis was born in Salisbury, North Carolina on August 13, 1909. Appropriately enough the street upon which the house he was born in was located on Ennis Street.

Like several other popular band leaders, namely Fred Waring and Horace Heidt, Ennis got his musical start in his home town Boy Scout band. He tooted a bugle and banged the drums in turn.

He entered the University of North Carolina, where he met Hal Kemp, in 1925. A Delta Sigma Phi fraternity brother of Kemp's, he roamed with Hal and played drums and trumpet in Hal's original campus band.

At the close of his freshman year, when Hal received his degree, Skinney said an abrupt goodbye to Alma Mater and cast his lot with Hal. According to Ennis he has never regretted it.

He left Kemp in 1938 to make "College Swing" for Paramount. He organized his own band and opened in March of 1938 at the Victor Hugo in Beverly Hills. He stayed there five months, broadcasting twice-weekly over the Columbia network.

Since then he has made numerous pictures, played the smartest ballrooms in America and was featured for four years on the Bob Hope show.

Due to the kidding he received on the Bob Hope show for being so skinny and frail, people all over the

country have gotten the idea that he is ready for a wheel chair.

He hopes to prove this point differently here Thursday night at the College Cafeteria.

Two Teachers Speak at NTCE

Two West Texas State College professors will appear on the program at the annual Northwest Texas Conference for Educators in Amarillo, March 18 and 19.

Miss Novella Goodman will speak to the elementary schools division and Dr. Mattie Mack of the English Department will discuss high school English.

One of the featured speakers will be J. Evetts Haley, historian and author, of Canyon. Mr. Haley will discuss the history of this region as it applies to art and its ultimate transition to business. He will use displays from the Panhandle-Plains Museum with the help of Boone McClure, director.

Price Control Has Failed in Other Times

There is nothing new about price control. Attempts to fix prices by fiat can be traced back almost as far as recorded history. And in every case the result has been failure.

As an example, the emperor Diocletian issued an edict fixing the price at which food and other commodities could be sold. He went whole hog in an effort to make the scheme work. In the words of the Chicago News, "The death penalty was prescribed for black marketers, and a vast bureaucracy employed to enforce the decrees. The breakdown of economic order followed in due course; prices rose as production fell. The emperor's remedy was exorbitant taxation. This accelerated the economic breakdown, and helped pave the way for easy conquest by the barbarians."

This has been the usual story of price control, in both ancient and modern times. And to believe that it would be any different in the future is to embrace a dangerous illusion. Under the competitive system, the price charged for anything in common use honestly reflects the cost of producing and selling it, plus a small profit. How, in the name of logic, could we force a man to make something at a loss—or a merchant to stock and sell it at less than his cost?

Worse than this, price control, with all its ramifications, must regiment enterprise. It must be followed by wage control, control of the allocation of materials, control of anything and everything that affects the cost of doing business. A totalitarian economy is the inevitable result.

South Africa urgently needs to borrow dollars.

**St. Mary's Chapel
Decorations Are
Among the Best**

Somewhere in Italy are nine men, former prisoners of war interned by the United States government, who hold a special place of affection in the hearts of the parishioners of St. Mary's Church in Umbarger.

Artists all, the Italians created decorations for the structure which transformed it into one of the most attractive churches in the Tri-State region.

Their names, along with a Latin tribute to them, are inscribed on a metal plate affixed to the wall of the small entryway to the building. Some residents of Umbarger still receive occasional letters from members of the group of prisoners who worked on the church, proof enough that the relationship between the workers and the church members for whom they toiled was mellowed by the fact that a common religion and mutual purpose united them in their effort.

Dominating the interior is a beautiful painting of the Immaculate Conception on the wall back of the altar, unusual because it was started by one Italian officer and completed by another when the original artist was transferred to another camp.

Exquisite in detail is a wood carving of The Last Supper, which is affixed to the front of the altar.

Equally impressive, once the symbolism is realized, is a series of medallion-like paintings around the body of the church, done in pastel colors and employing ancient devices used by Christians during the Roman persecutions.

The Italians installed the striking stained glass windows which are one of the church's most impressive features, re-tinted the Stations of the Cross, and painted pastel borders around the arch of the sanctuary.

The church actually never had been properly decorated since it was built in 1929 under the leadership of Father John J. Dolje, who died in 1944 at the age of 83 years, a few months after having realized his ambition to pay for the church before his demise.

Work of the Italian prisoners was directed by Father John Krukkert, who died Nov. 11, 1947. Father Marthaler, who succeeded Father Krukkert, was in Dalhart from 1937 to 1944, and between 1944 and 1947 was in the office of Bishop Laurence Fitzsimon in Amarillo.

The Italian artisans, interned at the Hereford prisoner of war camp, worked feverishly during the entire time they were in Umbarger because the work was started during the period when Italian prisoners were being repatriated rapidly, and they were afraid they would have to leave before the church was finished.

Brought under guard from Hereford to Umbarger each day, the prisoners were repaid for their personal interest in the project by enjoying home-cooked meals, prepared by women of St. Mary's parish.

New pews, ordered more than two years ago by Father Krukkert, re-

cently were received and set up in the church.

Now in the process of being installed is a Wicks electric organ, which has 224 pipes and a range of 1,080 notes. There was \$1,700 in the church treasury last year, and a church bazaar given August 15, added another \$1,800 to the fund from which the organ was purchased.

The lovely church is the religious home of 63 families in the Umbarger area.

**Alfalfa Seed Said
To Be Good Cure
For Rheumatism**

An old Indian remedy for rheumatism has been dug up over in Oklahoma and is said to be working with good results.

It is claimed that rheumatic pains are brought on by deficiency in the body.

Here is what the Indians and Oklahomans claim:

In 5 cups of water place 5 table-spoons of alfalfa seed.

Boil for 10 minutes.

Strain, and keep in ice box.

When ready to drink, take half a cup and add to it a half cup of water.

Drink 30 minutes before each meal, either hot or cold.

It is said that the taste is not disagreeable, either hot or cold.

**Joe B. Collins to
Open Automobile
Agency in Vernon**

Joe B. Collins, son of Mrs. T. W. Collins, has moved from Monticello, Utah, to Vernon, where he will establish a Lincoln-Mercury automobile agency. He is making extensive improvements on the building and is planning his formal opening within a few weeks.

Mr. Collins has been in the farming business in Colorado recently and will maintain his farming interests in addition to the automobile dealership.

He attended West Texas State and has worked in Lubbock and Amarillo.

In the summer of 1941 he went into the Navy where he served as a lieutenant until January, 1946, when he was honorably discharged. He spent 41 months at sea duty in the Pacific during the war on the destroyers Dyson, Charles Ausburne and Cogswell.

His new business will be known as Collins Motor Co. and will handle Lincoln and Mercury automobiles. A service and parts department will be established.

**Canyon In Junior
Tourney at Bovina
This Weekend**

Canyon will be represented in the Bovina Junior Tournament at Bovina, Thursday, Friday and Saturday of this week.

Admission to the games will be 25c and 50c.

There will be 5 sessions: Thursday night, Friday afternoon, Friday night, Saturday afternoon and Saturday night.

The following schools will have teams entered in the tournament: Farwell, Dimmitt, Friona, Texico, Littlefield, Canyon, Lazbuddy, and Bovina.

Mrs. W. H. McAtee has returned from Harper, Kansas where she has been for the past two weeks caring for her daughter, Mrs. C. N. Tippery, and her young granddaughter, Jeannita Jay Tippery.

Mr. and Mrs. Wesley Foster of Norfolk, Virginia, spent last week with Mr. and Mrs. E. V. Prichard. Mrs. Foster and Mr. Prichard are sister and brother.

Mr. and Mrs. J. E. Mickey and family went to Plainview Sunday to attend the celebration of the 89th birthday of Mrs. Mickey's mother, Mrs. Helen May.

**Lions Club Sponsors
Master Magician in
Two Performances**

Those attending one of the two performances of Birch the Master Magician show, sponsored by the Canyon Lions Club, on Wednesday, March 16th, will get double value for their money. They will be assured of two hours of thrilling entertainment, and, at the same time, they will be contributing to a Lions Club fund set up exclusively for civic and charitable purposes.

The principal speaker at the Lions Club weekly luncheon on Thursday was Dr. Huston Smith. Dr. Smith emphasized the need, now as ever, for mature men of principle to stand firm against the practices in our society that would sap our manhood, just as Abraham in his day stood as a rock against idolatry. In discussing the fall of great nations in the past, he said that when mature men of principle become rare in a nation, that nation will go to pieces.

Lion Herman Hardaway was welcomed into the Canyon Lions as a transfer from Sunray, he having recently moved here from that city.

**Mrs. O. J. Eckart

**Three Basketball
Teams Top Area
AAU Tournament**

Three teams of West Texas State were top in the AAU Tourney which ended in Amarillo Friday night.

The Freshmen won third place in the default of Wayland College.

The final was fought out by the Graham Plow Company of Canyon and the Graham Plow Company of Amarillo. Both teams were composed of West Texas State Athletes.

The Canyon team won by the close score of 54 to 52.

Butchy McCandless, 7 year old grandson of Mr. and Mrs. A. B. Russell, is quite ill at the home of his parents at 602 Vernon, Amarillo.

A Local Man To Serve You

MRS. KENNETH COX HOSTESS TO CANYON H. D. CLUB

Mrs. Kenneth Cox was hostess Friday, March 4, to the Canyon Home Demonstration Club.

The name of a book or article that had been read recently was given by each member in response to roll call.

Mrs. J. L. Newman opened the business meeting. A good report was given on the "come as you are" breakfast. Collection of T.H.D.A. dues was made. Plans were made for the Commodity Sale to be held March 12 in the Lindsey Motor Company showroom.

Mrs. Elwood Shero gave a most interesting book review on "Years of the Locust," by Lou Grace Erdman.

Refreshments of potato chips, lemon pie and coffee were served by the hostess to the following club members: Mrs. Bob Parsons, Mrs. Bill Hood, Mrs. Bill O'Neely, Mrs. Archie Roberts, Mrs. Tom Newton, Mrs. Johnny McBroom, Mrs. J. L. Newman, Mrs. John Hardaway, Mrs. Lon Fanning, Mrs. Lee McLaury, Mrs. Elwood Shero, Mrs. E. L. Hardaway, Mrs. J. R. Parker, Mrs. Milton Meyers and Mrs. Jack Barnard.

COME AS YOU ARE BREAKFAST IN SHERO HOME WEDNESDAY

Mrs. Elwood Shero was hostess to the Canyon Home Demonstration Club members for a "come as you are breakfast" on Wednesday, March 2.

Each member was called for without having been warned. She was fined for each extra garment she put on after she received her summons. Those who could not attend were also fined.

A most delicious breakfast was served to the following members: Mrs. Bill Money, Mrs. Bill Hood, Mrs. Archie Roberts, Mrs. Bob Parsons, Mrs. J. L. Newman, Mrs. Johnny McBroom, Mrs. John Hardaway, Mrs. Lon Fanning, Mrs. Kenneth Cox, Mrs. Lee McLaury, Mrs. Tom Newton and the hostess.

HOME DEMONSTRATION CLUBS ELECT DISTRICT DELEGATES

At a special meeting held in the office of Miss Lou Ella Patterson Saturday afternoon, the County Demonstration Club women elected

delegates and alternates to the District Meeting to be held in Canyon, April 14.

Delegates elected were Mrs. J. D. Pruett, Mrs. A. B. Haynes, Jr., and Mrs. John Robinson. Alternates are Mrs. Forrest Gruner, Mrs. H. R. Hungate and Mrs. Leonard Winters.

MRS. REYNOLDS HOSTESS TO CENTERVIEW H. D. CLUB

The Centerview Home Demonstration Club met in an all day meeting Friday, March 4, at the home of Mrs. W. T. Reynolds. The members quilted a quilt for the hostess.

A lovely luncheon was served at noon. Cooked frozen foods were demonstrated at this luncheon. Mrs. Serena Bryan had prepared a pecan pie; Mrs. E. W. Schaeffer demonstrated a frozen orange chiffon

cake; Mrs. J. W. Wesley demonstrated chicken sandwiches. All these foods were delicious.

Roll call was answered by each member telling of cooked foods she had frozen. Miss Patterson gave a very interesting talk on ways of preparing cooked foods for freezing and what to freeze and what not to freeze.

A card of appreciation from Mrs. Chas. Sutton was read.

Members attending were Mildred Devin, Inez Shipman, Grace Schaeffer, Evelyn Shipman, Bertha Sharpes, Lizzie Wesley, LaVena Amerson, Winnie Bryan, Serena Bryan, Neldean McCauley; visitors were Mrs. Wayland Angel, Mrs. J. H. Holley, Lavern Cagle, Vesta Amerson and Miss Patterson.

BIRCH'S

PONY ENJOYS AIR TRIP

Princess, the Vanishing Pony, will be in Canyon March 16, when she will assist her master, Birch, re-

nowned magician, in entertaining the children of the city, those who are youthful in spirit as well as those who are youthful in age.

Princess is one actress who enjoys her work and who is never temperamental. She takes life philosophically and displays little or no vanity. She likes children, and a crowd of youngsters may always be seen gathered about her as she takes her daily sight-seeing tour through the city.

The cooler months of the year are working months for Princess, for it is then that she is called upon to

make her appearance at each Birch performance where she is hoisted in mid-air and then disappears at the snap of her master's fingers.

It might also be said that Princess is the only living actress of note who has never sought publicity. She has never been known to give an interview to the newspapers, and has never voluntarily been quoted or had her photograph taken. She comes from the Dutch West Indies, is ten years old, and weighs one hundred and fifty pounds.

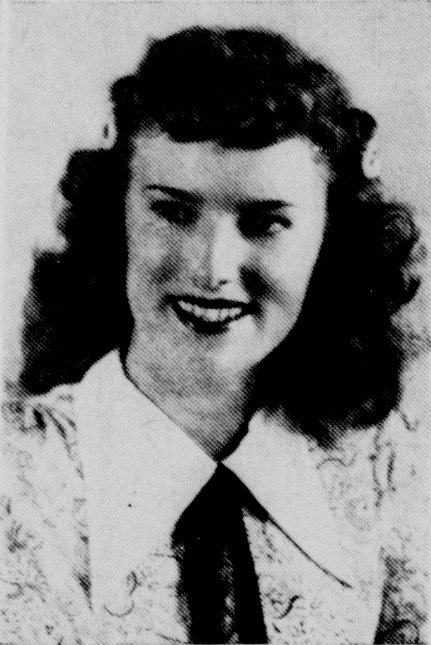

But Princess is only one small portion of the great Birch array of thrilling illusions and demonstrations of the magic art. Included in the production are many tricks which require a veritable menagerie for presentation. Of these may be mentioned the canary that appears in a burning light bulb, the vanishing ducks, the elusive doves and the ever-important magician's rabbit.

Children are always made welcome at the Birch show. The magician likes to work with them, and frequently calls them to the stage.

"I like to play to adults, of course, for they can really appreciate to the fullest the beauty and wonder of my illusions, but it is really much more fun to work with the kiddies. Their naive enthusiasm and the pure enjoyment which they get from the show is something infinitely precious to me."

Not only will Mr. Birch perform the most sensational feats of magic ever presented on a local platform, but he brings a program varied with pleasing novelties. Miss Mabel Sperry, musical artist extraordinary, will play a musical interlude on her specially built Marimba at the evening performance.

FREEZING PREPARED FOODS TOPIC FOR PARKS H.D. CLUB

Mrs. G. A. Colling was hostess to the Park Home Demonstration Club on Thursday March 3, when the subject discussed was "Freezing Prepared Foods."

Roll call was answered with members telling of cooked foods that they had frozen.

Following the business session, Miss Lou Ella Patterson gave a demonstration on "Serving Baked Products from the Locker." "Proper packaging and handling help to make frozen products more successful," said Miss Patterson.

Refreshments were served to guests, Miss Patterson and Mrs. Raymond Winters, and members, Mrs. Mary Simon, Mrs. W. E. Sheets, Mrs. Tony Simon, Mrs. Frank Simon, Mrs. O. E. Wineinger, Mrs. G. W. Prater, Mrs. L. J. Raymond, Mrs. Dick Raymond, Mrs. Walter Simon, Mrs. Herrick Simon, Mrs. Flynn Winters, Mrs. A. T. Burks and the hostess.

The next meeting will be on March 17 with Mrs. O. E. Wineinger.

MRS. DAUGHERTY HOSTESS TO PRISCILLA CLUB WED.

On Wednesday afternoon, March 2, Mrs. J. Madison Daugherty was hostess to members of the Priscilla Club.

The afternoon was spent by the members in doing various kinds of needlework.

A dessert course of cocoa roll and coffee was served at the tea hour to Mrs. J. L. Duffot, Mrs. I. F. So-Relle, Mrs. J. Evetts Haley, Mrs. Tom Knighton, Mrs. J. W. Shook, Mrs. E. D. Walker, Mrs. J. J. Walker, Mrs. C. M. Presley, Mrs. Ernest Brown, Mrs. S. B. Louder, Mrs. R. A. Hodges, Mrs. C. M. Dowlen and Mrs. J. R. Busted.

MRS. BARNARD IS SURPRISED ON 79th BIRTHDAY MARCH 1

Twelve members of the King's Daughters Sunday School Class of the First Baptist Church gave Mrs. W. F. Barnard a surprise birthday party at her home on the afternoon of Tuesday, March 1, to honor her 79th birthday.

Refreshments of angel food cake and coffee were served by the members of the class.

Dean Acheson, Secretary of State, is getting set to take over the job of shaping U. S. policy in Germany. Gen. Lucius Clay, for the Army, has run German policy in the past with the help of William H. Draper, Jr., Under Secretary of the Army. The tip-off that change is ahead came with resignation of Mr. Draper.

The man on the street is a bit distrustful of college professors as being on the impractical side. And the man on the street isn't far wrong. For example:

The dean of an Oklahoma University is writing a book about words and expressions used by the people of the Southwest, according to the papers, and in explaining the expression, "squirrel whisky", he says maybe it's called that because it makes people act nutty.

Anybody ought to be able to figure out a simpler explanation and a more logical one than that. (If the dean was joking, that was "unscholarly" and such antics are liable to put him in bad standing with the Professional Ph.D's.)

Squirrel whisky makes the imbiber frisky, like a squirrel. If the dean would go down and mingle with the boys at the barbershop, he would hear the story about the Swede who said he wanted to buy some liquor. "Do you want some squirrel whisky?" he was asked. Ole replied, "No, give me some toad-frog whisky; I don't want to climb; I yooost bane vant to yump around a little."

There is no charge to the dean for setting him right on this.

But I still think he ought to stick to some subject like the amount of starch that Sir Walter Raleigh used in those ruffed collars.

Dallas folks like to josh Fort Worth citizens about the stockyards and they tell the story of two men on a train. One said, "We are approaching Fort Worth" and the other said, "Yes—I just got wind of it."

Also that when, a few years ago, there was a strike and the stockyards closed down, fliers had to use their instruments in finding Fort Worth; ordinarily they just used their sense of smell.

Every now and then, you hear someone say, "Some of our biggest men came from small towns." Yes—and some of the ablest men stay there because they prefer the neighborliness of a small town to the rush and roar of a city.

Rumor has it that Eva Peron, wife of Argentina's President and a political power in her own right, might step into the top job if the Army continues pressure to force her to relinquish influence and position. Mme. Peron has strong support from the industrial workers and farm workers of Argentina.

Spain's Generalissimo Franco is starting to play up to U. S. in a big way now that his friend, President Juan Peron is in trouble in Argentina. Only U. S. now can give Franco the goods that he needs to keep his country running without the troubles that lead to intense pressure for a change at the top.

There are terrible means which may be employed on the side of justice and liberty by ourselves and our friends if unhappily these are ever put to the test.—Gen. Charles de Gaulle.

FOR YOUR BENEFIT

We're mighty proud of a plaque recently awarded us. It signifies that our mechanics have completed a full year of postgraduate training under the "Master Technician Service Plan."

This means a lot to us — but it means still more to you. It means that—when you bring your De Soto or Plymouth here for service — you get the expert work of specialists who really know their stuff!

Our men were good before they took this year of specialized training. Now they are master technicians in the art of servicing your car. They save you money because of the speed with which they diagnose your car's needs. They save you future headaches because of the thoroughness with which they meet these needs.

Bring your car in today. We'd like to show you the new plaque we've just won. Then we'd like to show you what we think is the finest — and fastest — service your car ever had.

Legislators Inspecting the Museum

Shown visiting the Panhandle-Plains Historical Museum, the delegation from the Texas Legislature visited on the campus last Friday where they had a steak dinner at the Cafeteria. The Amarillo and Canyon Chambers of Commerce arranged the visit to secure approval of appropriations to relieve Palo Duro State Park of indebtedness and to finish the museum. Shown at the far left in the picture is Clyde W. Warwick, president of the Canyon Chamber of Commerce and registering at the desk is J. Blake Timmons, Representative from this legislative district.

Evocative Painter Here March 14

Alpha Rho Tau, art club, will bring to the campus on March 14, Emilio Caballero, art teacher at Amarillo Center and Horace Mann school. He will present a lecture and a radio program at the Branding Iron Theatre. Mr. Caballero is the creator of evocative painting which has aroused much interest. Students will be privileged to see an exhibition of original paintings in the evocative style at the museum March 14 through March 28th. Mr. Caballero is an ex-student of West Texas and is studying for his masters degree from Columbia University.

Russia's Joseph Stalin, when he last appeared in public, permitted no civilians in the Red Square of Moscow. Ceramics Is Meeting Highlight; Pazdral, Armstrong Are Guests

Highlight of the FHA meeting Monday was a demonstration in ceramics, which is the making of vases, or the like, of baked clay, by Mrs. Wilma Partin of Amarillo. To begin the demonstration, a colorful display of plates, jewelry boxes, salt and pepper shakers, and vases which were made by her, was shown to the members and visiting mothers. Mrs. Partin explained the molding, china painting, glazing and firing of the pottery. Following this was a demonstration of the making of an ash-tray which gave an idea of the way this work is carried on. Mrs. Partin answered questions of the group concerning ceramics and agreed to teach lessons in Canyon High every Monday afternoon from four to six o'clock provided there are enough interested in this work.

Girls Third Place Trophy Is Symbolic Figures and Shafts

The trophy for third place that the Canyon Eaglettes won recently in the Claude tournament is 18 inches high, with a five and one-half by seven and one-half inch base. The main shaft of dark polished wood rises to a height of ten inches. The top of this is centered with a gold-plated figure of a girl basketball player, standing on tiptoes and balancing a basketball over her head with her right hand. On either side of the central shaft are four and a half inch shafts of light polished wood, decorated by filigree brass work. A gold-plated eagle perches before the main shaft. Above the eagle is the name plate with the following inscription "Third Place, District, 1949."

ZOOMING DOWN THE HALLS

Is it a bird? Plane? Superman? No, only another student with hydromatic drive applied to gears which enable her to zoom down the halls instead of the old fashioned way of walking. Here comes Saucy Sally! She can't seem to stay on her side of the hall and goes down the halls with eyes, ears and brain shut off from the world. When she enters a crowded hall, she never looks to see if anyone is directly in front of the door. She just jumps out and knocks people down. Then we have Horrible Hessie. She is the one who knocks people down, jumps up and walks off with never a word of "Excuse me" or "I am sorry."

Farmers Enter Area I Contest At Lubbock High

Scoring 811 and 949 points respectively, the Senior and Junior chapter conducting teams of the Canyon FFA failed to qualify in the finals of the Area I FFA Leadership Contest held Saturday, March 5, at Lubbock.

The two teams both won third place in their division and would have had to acquire second place in their group to compete in the finals. In the contest the team was to demonstrate six abilities of parliamentary procedure and conduct a chapter meeting as set up by the national organization of FFA. Also, they were given new business by the judges to transact according to the correct procedure. They were given a time limit of thirty minutes to transact their business.

"The Canyon High Senior Team is one of the most impressive teams I ever saw performing and would have easily won the contest if they hadn't gotten excited," states Alton Brazell, judge of the Senior contest.

Team Members

Members of the Senior team are: Payne, vice-president; Larry Prater, Donald Davis, President; Travis second vice-president; Erwin Davis, third vice-president; Bryce Slack, reporter; Golden Currie, Treasurer; Jerry Harding, parliamentarian; Leo Erwin, sentinel; J. N. Pope, Historian; Don Johnson, secretary; and Mr. T. L. Devin, advisor.

Members of the Junior team are: Marvin Cornette, president; Charles Donnell, vice-president; Stanley Scheaffer, reporter; Earl Simon, treasurer; Stanley Parker, secretary; John Brandt, parliamentarian; Jimmy Montgomery, Historian; Tom Wright, sentinel; Donnie Stroup, second vice-president; Bill Thompson, third vice-president; and Don Hickman, advisor.

Bryce Slack was appointed PHSPA Treasurer for 1948-49.

The Sophomores defeated the eighth grade 20-60.

Plans were being made for the Region 1, District 1, track meet, and boys were getting ready for it.

Mary Ruth Hill and Gladys Thomas were chasing Mickey King.

Betty Slagel and Chubby Nunley had broken up.

Women's faults are many,
Men have only two.
Everything they say,
And Everything they do.

A new couple has joined the old ranks. Ray Burrus and Jimmie Jennings stepped out Saturday night.

That Phillip Busted really gets around. Last Friday night he was seen with Mary Ann Sloan at the local cinema.

Betty Slagle, what's this about 'Willie', huh?

Have you heard about Bertha Lindsey and Jimmy Parsons? It seems they double-dated with Peggy Bonds and James Thomas, Saturday night.

Jo Parker and Norris Root. There's something I was supposed to remember about them but I've forgotten what.

Are Nelda Ruthardt and Richmond Payne another new twosome, or have they just been slipping by the eagle eyes of 'Ole Cal'?

Just heard that Janey Forester and Richard Walters attended "The Snake Pit". Hmmmm, I wonder if there is any connection between them and those characters.

Rumors have it that Melba Stroup and Meade Michael, CHS ex, have been going together. Is this true?

Joyce Payne and Golden Currie are becoming quite a couple. You see them together often.

Say, why doesn't someone tell Cal about these things? People might not find out that Gladys Thomas and Jimmy Dodgens had a date Saturday night, if you don't?

What's this about Tysene Cox having a birthday party. Did you have fun, kids?

Virginia Rigby and Virgil Martin seem to enjoy each other's company more and more.

And speaking of Martins, Sarah Jane has been seen at various times with a WTSC boy. What about this Sarah?

Mary Sue Foster is sporting Bill Dodgens' Vega class ring. Nice going, Suzie!

A girl from CHS, namely Ava Dooley, and a boy from Stratford, Johnny Lyons, had a good time in Amarillo Sunday night, I hear.

What's this I hear about R. V. Pennington being a three-timer? He dated Janey Greenfield from Happy Sunday night and is writing to two girls on the side. Their names couldn't be Nell Cross White and Helen Wolfe, would they, R. V.?

Jim Arnold and Lanette Wallen were dating Tuesday night. What about this, Kids? Have fun.

It seems Billy Cleavinger collected a debt while hunting for cheeses at play practice. Just ask Janey!

Steady There,—Pard!

Can one afford to have points taken off his six-week's average? The easiest way to do this is to skip school, which may be fun at the time, but is not so funny when checking time comes.

One gets out of life just what he puts into it, and school life is no exception to the rule. If one devotes no time to preparing his lessons, he gets nothing from them.

"Oh, one may say, who wants to go to school all the time? People will think I'm a sissy!" Just who will think that?

The best way to build a good reputation is by hard-old "nose-to-the-grindstone" work.

Has any one ever heard of a single person's regretting having studied hard in school and having made good grades?

On the other hand what moaning, cheating, alibing is attempted when one tries to slip by with no preparation whatever.

That's right! Stop and read these next very informative words which aren't there. Listen to the music of these phrases, you can imagine them for yourself. Hark to the wise and sage comments of a wizard whom you can't see or hear. Take them to heart. (If you can hear them. No one else can.) Follow these easy directions which are all imaginary. Depend upon these rules for guidance, very invisible.

First thing you know, you'll be ready to join the wizard, bud. Where? Well, that's a good question. You've begun to follow the rules you can't hear. What, you still ask, "Where"? Most anywhere, of course! Now that you've heard the soundless words, non-existing phrases, don't you feel much better. You don't? Say, there must be something wrong with you, Doc! Saturday night at the Tournament there will also be an exhibition game between the eighth grades of CHS and W. T. High.

The Eaglettes will participate in their first tournament of the season when they travel to White Deer Saturday.

Grade Notes

A new student in Mrs. Walshes 5W room this week is Barbara Bacon.

Mrs. Walsh showed movies this last week to her class, some of them proved to be very exciting. At least the children thought the one of Robin Hood was.

Mrs. Brashear reports that Ronald D. Crow is back in school after a week's illness.

A group of grade school teachers met at Mrs. Collins' this last week to practice operating the slide projector which they use for the visual education program. Refreshments served were cherry pie, ice cream and coffee.

Mrs. Tom Platt and daughter visited Mrs. Collins this past week. Mrs. Collins group has been studying about various kinds of flowers. They have planted some blue bonnets and carnations. The seed was provided by Marcia Nan Barker and Judy Taylor. Stella Alderate had a little friend visiting her today from Hale Center.

Peggy Jean Robinson had a birthday party in Mrs. Black's room, last Tuesday, given by her mother. Refreshments were individual cakes with candles, soda pop, and suckers. Joe Carroll, Mary Ann, and Patsy Robinson were among the other guests.

Mrs. E. F. Welsh spent the week end in Abilene, visiting her parents and other relatives.

Mrs. Rosiland Davis reported that she has lost one of her second grade pupils, Lawana Mitchell, who has moved to Kansas City this last week.

Mrs. C. E. Roberts substituted Friday for Mrs. Goodman, who was called away to Colorado due to the death of one of her brothers-in-law.

Mrs. Goodman has a new girl in her room this week, Geraldine Bacon from Bushland.

Also, there were two birthdays celebrated this past week, those of Beverly Colwell and Wynono Yarbrough.

Mrs. Cousin reports that Anna Jean Howard is back in school after a week of illness.

and Amarillo High School bands and the West Texas State College Band.

Clyde Roller, director of the Philharmonic Orchestra, and M. J. Newman, director of the W.T.S.C. Band will discuss modern trends in band directing and music before the visiting directors.

Coach Organizes Season Tracksters

It takes more than wind and blowing dust to discourage Canyon High Tracksters.

Track season was officially opened Monday with approximately 20 participants of the event making arrangements with Coach R. D. Wheelock to work out.

The boys reporting thus far are: Bruce Winn, Richard Walters, Joe Abbott, Wayne Prichard, Jerry Harding, Billy Cunningham, Leo Erwin, Jimmie Lindsey, Norris Root, Mickey King, Don Hickman, Phillip Busted, J. N. Pope, Richmond Payne, Billy Cleavinger, Robert McClendon, Duane Howard, Raby Walen, Golden Currie, Garland Butler, Bryce Slack, and Berkeley SoRelle.

"We have quite a few boys reporting for track but I would like to encourage all boys to come out for for track who plan to participate in football next year. Boys will have an opportunity to increase their speed in track which will aid them greatly in football and basketball," states coach R. D. Wheelock.

Wooten, Harrell Go To St. Louis Meet

Mr. E. A. Wooten and Mrs. Ed Harrell recently arrived from St. Louis where they attended The American Association of School Administrators, February 27, 28 and through March 1 and 2.

Outstanding speakers were Willard E. Goslin, President of AASA; Dr. Oscar Johnson, President Baptist World Alliance; Mable Studebaker, President of the National Educational Association; Doctor James B. Conant, President of Harvard University; Doctor Alfred D. Simpson, Harvard University; Doctor Allison Davis, University of Chicago; Mrs. Pearl A. Wanawaker, State Superintendent of the State of Washington; and about 100 other prominent men and women in the field of education.

Special sectional meetings which E. A. Wooten attended were: New Developments in Service Education, Child Growth and Development, and Pertinent Problems in School Transportation.

Mrs. Harrell attended special meetings in: Board of Education, Superintendent of Schools, and Responsibility of School Administrators for Teachership in the Parent Teachers Education.

One of the outstanding features of the program was the entertainment of Sigmund Romberg provided by the Associated Editors.

Citizenship Readers Will Give Eighth Graders Sound Facts

Eighth graders have just completed their "History of Our Country" and are issued the "Fundamentals of Citizenship" which they will study for the remainder of the year.

The text is a discussion of the duties of citizens as individuals and of the responsibility of each student developing his physical, mental, and moral powers.

Workbooks titled, "The Great Law of our Land" will be used. Stories from "Stand Fast for Freedom," "In a Democracy," and "Stories of Democracy" will supplement the regular work.

"With the use of these unusually good books, we should find the students desirous of doing exceptional work," states Mr. J. E. Miller, principal.

You'll be Almost Eighteen again after you see "Almost Eighteen", presented by the Seniors, March 25.

Journalists Attend PHSPA Conclave

CHS Journalism students placed in three events in the P.H.S.P.A., Saturday at West Texas State College. Willis Parsons placed second in column writing, Sue Dickerson placed third in sports writing, and Fay Dickerson received honorable mention for writing the column "Society Sue."

Approximately two - hundred Journalism students met in the college auditorium where they were welcomed by Dr. James P. Cornette. Following his talk, the Amarillo High School Swing Band gave a 30 minute program with Guy Dell Eukland as soloist.

In the Branding Iron Theatre, E. B. Winger of an Austin Engraving company gave pointers on the yearbook production, followed by Felix McKnight, managing editor of the Dallas Morning News who gave students ideas on news writing. His talk itself had all the qualities of a good news story. Mr. McKnight and other members of his staff assisted in judging the entries.

Lunch was served at the College Cafeteria.

The afternoon was spent in separate sessions discussing the various fields of journalism. Election of officers for the coming year was the event of the four o'clock meeting. These officers are: Don Hancock from Lubbock, president; David Harris of Plainview, vice-president; Linda Burba of White Deer, secretary; and Janelle Womble from W. T. High, Treasurer.

Students, Teachers Consider 1949-1950 Class Schedules

Plans for the 1949-50 class schedule are being considered. Teachers are asked to submit the number of students in each class in order that our school officials may determine the number of classes necessary.

Students are also asked to suggest subjects they care to study which are not being offered this year. Some suggestions are physics, Spanish, both I and II, and civics, for all seniors.

"It is our desire to develop a course of study in Canyon High that will adequately meet the needs of our local students. The suggestions and ideas given by both faculty members and students will be of great value to us at this stage in our planning," says Mr. J. E. Miller, principal.

Juniors Participate In Bovina Tourney

Canyon Junior boys will participate in the Bovina Junior Basketball tournament scheduled for this week-end.

Canyon drew a bye for the first game but will play the winner of the Hereford-Farwell bout. If the Junior Eagles are successful then, they will play again at 7:45 p. m.

Boys eligible to play are as follows: Bob Busted, Tommy Middleton, Lowell Hill, Harrell Slack, Roy McCarter, Bobby Hardaway, Billy Carl Morton, Sidney Plant, Tom Gooch, and Jimmy Cornette. Carl Gene Crow is business manager for the team.

"We are going to do our best to win first at the tourney. Our boys having the fighting spirit, now if they just don't meet a bigger, faster team that can ring the basket twice to our once," states the coach, Jerry Jacobs.

Austell Burrus, CHS ex, was chosen for the Amarillo AAU All-tournament team.

More Children In Texas Benefit by School Lunch Set-up

The number of Texas school children taking part in the community school lunch program has jumped 13 per cent above a year ago. This announcement came today from M. F. Thurmond, school lunch

director, State Department of Education.

Latest count shows 293,136 children are eating lunches daily in 2,314 schools. About 72 per cent are served Type A lunch with milk.

Since last July, USDA's Production and Marketing Administration in co-operation with 79 county school superintendents throughout the state have distributed to these schools about 336 carlots of farm products, most of which were bought from farmers under USDA's price support programs. Major foods are dried eggs, dried and canned fruits and Irish potatoes.

In addition, PMA also has purchased other foods which children need for a balanced meal. Included are cheese, dried milk, canned tomatoes, tomato paste and orange juice.

"The school lunch program continues to be an ever increasing outlet for a lot of farm products which are not being absorbed through regular trade channels," Thurmond emphasized.

He added that this is one of the reasons for the joint sponsorship of the national school lunch program by USDA and the State Department of Education. It is essentially a community project with the state government matching funds put up by the federal government and looking after foods received from USDA.

This partnership makes it possible to shift plentiful foods into areas where these foods are less plentiful. For instance, Texas school children are benefiting from raisins, prunes and peaches grown in other parts of the country, he explained.

Television keeps people indoors and hurts general business. Hat-makers sponsor fight programs, prolong life of headgear, hold millions at home with their hats off. Automobile industry furnishes musicals free, keeping car wheels from turning.—Anthony B. Meany, author: "America—Handcuffed by Radio Chains."

Moscow has built up a spy force of 70,000 Germans in the Soviet zone. Half of these are volunteers, and half are persons forced to spy on pain of imprisonment, denial of rations or punishment of their families.—Willi Brandt, West German Socialist leader.

A public opinion poll reveals that 21% of the voting population of Louisville, Ky., wants to write. This works out to 4,551 in Louisville alone, 2,377,132 in the U. S. Book and magazine editors had better take cover.—Lee Borgida, Creative Age Press.

It is being suggested again that for \$1,000,000,000 U. S. can buy Greenland and avoid pressures on Denmark to give U. S. more rights to develop that area for use of aircraft.

Pyorrhea May Be Cured During Its Early Stages

Contrary to popular belief that pyorrhea is always incurable, this is only true in the most advanced cases, according to Dr. Geo. W. Cox, State Health Officer. His advice to persons who even suspect the presence of pyorrhea is to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment. Since the symptoms are often so vague that the patient is

unaware of having pyorrhea," Dr. Cox said, "regular visits to the family dentist are extremely important in the control of this disease."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine care of the mouth by the patient will help to effect a fairly quick cure in the majority of early cases.

The President is no longer in command. He is like Gulliver, tied down by endless strands of red tape.—Herbert Hoover.

Socialism Seeks To Increase Its National Powers

Recent press dispatches from England illustrate the insatiable appetite of socialism. There is a move underway to have the Labor government take over England's pubs. It has also been proposed that the government nationalize football pools, which are one of the most popular forms of legal gambling in Britain. Finally, an item says that Britain's motor industry has now become the biggest exporter of automobiles in the world, and that a Minister told the House of Commons that the time may come when that industry will be nationalized.

Those who think that a "little socialism" may be a good thing—so long as it doesn't touch them—should think that over. For if there is one thing sure about socialism, it is that it's never satisfied until it has devoured all enterprise and established a complete dictatorship over all of a nation's productive resources, including the labor force. There is a vital lesson in that for the American people. We may think, to take the most important example, that it's all right for the government to go into the electric business, and to absorb the private industry in the process. But when this happens, the mere question of who is going to produce our electricity is the least of the matter. The big thing, which overrides all other considerations, is that a precedent is established whereby any kind of business, from a grocery store to a newspaper to an automobile plant, may be socialized and made a function of government as well.

The trend abroad illustrates beyond doubt that no country can be half socialistic and half free enterprise. The people can have one or the other, but never both.

LIBERAL

Evidently the radio people have become liberals, too. They think a good program is improved if it's changed.

HAR! HAR!

"Now see if you can laugh that off," said the fat man's wife, as she finished sewing the new buttons on his vest.

Harry S. Truman: "I spend a lot of time kissing one cheek and then another cheek of people to get them to do what they ought to do."

Henry Thurston, economist, Department of Commerce: "There is marked buyer resistance to higher priced clothing."

Sun Fo, Premier of China: "We will accept a negotiated peace but not accept surrender."

The people of Randall county get about the government they deserve. Why not?

Sixth Band Clinic Slated March 15

A blare of trumpets and a roll of drums will be the order of the day March 15 when over 1,000 high school bandsters will congregate on the campus of WT for the Sixth Annual High School Band Clinic.

"In the past," announces M. J. Newman, director, "our clinics have featured work by a select band, under an outstanding guest conductor. While the clinics have been quite successful, we have felt that there was not enough work and inspiration for those students who were not chosen for the clinic band."

"Therefore," he continued, "we have decided upon a totally different sort of clinic this year. There will be activities all day for everyone, from the directors down to the lowliest beginner in specific groups."

Those in attendance at the clinic

will hear concerts by the Amarillo High School and Plainview High School bands and by the West Texas State band.

Interspersed between these programs will be sectional clinics for every instrument and for student conductors. Some members of the Amarillo Philharmonic Orchestra will serve as specialists in some of the clinic work.

Also on the day's program will be showings of the latest visual aid films in the field of music education.

Directors of the Amarillo Philharmonic have voted to give all the available seats for their concert that night in Amarillo to the clinic guests.

THE HIDE HUNT

AN HISTORICAL EPISODE OF LIFE IN THE GREAT SOUTHWEST

BY J. EVETTS HALEY

ILLUSTRATED BY H. D. BUGBEE

IN THE ENTIRE story of the chase—in all the annals of hunting—there is nothing to compare with the slaughter of the American buffalo. In the scope of territory involved, in the number of men engaged, in the systematic destruction of millions of great beasts, and in its economic significance, the hide hunt stands alone.

It drew its devotees from around the world, especially English sportsmen and European explorers, and artists and writers to depict and record its vivid life and wild appeal. But in its final and efficient stages, it drew its hosts of hunters from the rough and rugged, aggressive and adventurous men of the American frontier. In this period it attracted the active interest of the great fur and hide companies as big, if bloody, business—employing thousands of hunters, skinnners, freighters and camp men.

Its rise was sounded by the roar of the Sharps' rifles from the Canadian border to the lower breaks of the Staked Plains. While the robe business had engaged the northwestern Indian traders for decades, the real hunt boomed and practically passed with the decade of the seventies. It was a matter of genuine historic significance. For the passing of the buffalo and the destruction of the Indians' larder meant the passing of the Indian problem on the western plains, and the opening of this vast region to ranching.

At one time this hardy animal—

this shaggy mountain of beei—ranged from the Atlantic tideland into the Rocky Mountains, and from the great Slave Lake in the Arctic clear down into Mexico. Its range had been slowly beaten back by the inroads of the settlers until, at the end of the Civil War, it was fairly restricted to the Great Plains area, reaching from just below the Conchos to well above the Canadian border.

Seasonally, it moved, in keeping with that strange but elemental urge; migrating north with the rise of grass in the spring, and back south with the subtlest suggestion of approaching fall. The building of the transcontinental rail lines in the late sixties and early seventies cut the herd in two. With convenient points of supply and transportation thus provided, the business of hunting buffalo for their hides almost immediately came to life.

In 1872, the village of Dodge City, in western Kansas, became the center of this incipient trade in the Southwest. Below there, clear to the Colorado and the Conchos, grazed the greatest concentration of big game ever witnessed by the eye of man. East, among the settlements, existed a demand for fine and finished robes. Here was the supply; back there the demand. Still hostile Indians, extremely jealous of further inroads upon their wild game, made the hunt a hazardous pursuit.

It did not matter to those with the hardihood to venture! Rugged men made up their outfits along the railroads. With bar lead, kegs of powder and scant supplies—for wild meat was their fare—they headed out in every direction from Dodge City. With genuine knowledge of animal nature, they got their stands on the

individual groups that made up this vast herd, and with guns mounted on their rest-sticks, killed them off in bunches. Meanwhile, they lived high on rich roasts of buffalo hump, boiled tongue, and roasted marrow bones while their outfits skinned their kill by the thousands, pegged the green hides on the ground to dry, baled the flint hides high on their wagons, and freighted them back across the seas of buffalo grass for shipment east from Dodge City.

Thus harassed by a continual hunt, the main southern herd drifted to the south. The hunters followed in the spring of 1874, and met them on their migration north, on and below the Canadian, in the Panhandle of Texas, in the heart of the Indians' hunting range. And here the Comanches and Kiowas—supposedly held on reserves in the Territory—fell on the hunters in wrath to wreak their terrible vengeance. Many scattered hunters were killed, but the fight at the trading post of Adobe Walls, on the Canadian, taught the Indians the power of the Sharps' rifles and the accuracy of the hunters' eyes.

And so the slaughter went on with concentrated fury around Fort Griffin and the foot of the Plains down through 1878, when the bulk of the southern herd, estimated in excess of three million animals, was killed off. Then the Indians, with insufficient food to sustain them, were forced back on the paternalism of the federal government.

And thus, at last peace came to the far-flung frontier settler while the good tight turf of the buffalo grass—nature's richest cover for these wind-wrept Plains—beckoned to the bow-legged men who made their livings in the dust of cattle.
